

K-Love serves my family as a resident of the local community. The proposed legislation will have a very negative impact on our local community if K-Love is displaced by an LPFM broadcaster. K-Love provides a much needed safe environment for my family. Without our local K-Love station, my family will not have a family oriented religious station to listen to. K-Love has had a very positive impact on my family. Please remember that this country was founded on the principle of religious freedom. Removing our ability to receive this station by restricting their ability to broadcast in our area, could be considered by some a violation of our religious freedom. We should have the right to choose what stations we want to listen to. This decision should not be forced onto us by the Federal government.
